

CALL FOR PAPERS

Organizers

General Co-Chair

Paddy French
TU Delft

General Co-Chair

Troy Nagle
NC State University

Technical Program Co-Chair

Gijs Krijnen
University of Twente

Technical Program Co-Chair

Rolland Vida
Budapest University of
Technology and Economics

Important Dates

May 6, 2020

Proposals for Tutorials
deadline

May 20, 2020

Proposal for Focused Sessions
deadline

July 17, 2020

Paper Submission Deadline
(Max 3 pages of text + 1 page of
references)

August 25, 2020

Notification of Paper
Acceptance

September 7, 2020

Submission of Final Papers

Check out our
Youtube

IEEE SENSORS 2020 is intended to provide a forum for research scientists, engineers, and practitioners throughout the world to present their latest research findings, ideas, and applications in the area of sensors and sensing technology. Please know that our thoughts are with those affected by the COVID-19 outbreak. At this time, we are dedicated to support those individuals who may be unable to travel to Rotterdam, Netherlands from affected regions. If you are unable to travel or have concerns about obtaining your VISA, we are happy to announce the opportunity for remote presentations during your scheduled time slot if your paper is accepted.

IEEE SENSORS 2020 will include keynote addresses and invited presentations by eminent scientists and engineers. The conference solicits original state-of-the-art contributions as well as review papers.

Topics for IEEE SENSORS 2020 include

- » Sensor Phenomenology, Modeling and Evaluation
 - » Sensor Materials, Processing and Fabrication (including Printing)
 - » Chemical, Electrochemical and Gas Sensors
 - » Microfluidics and Biosensors
 - » Optical Sensors
 - » Physical Sensors – Temperature, Mechanical, Magnetic and Others
 - » Acoustic and Ultrasonic Sensors
 - » Sensor Packaging (including Flexible Materials)
 - » Emerging Sensor Applications
 - » Sensor Networks (including IoT and related areas)
 - » Sensor Systems: Signals, Processing and Interfaces
 - » Actuators and Sensor Power Systems
 - » Sensors in Industrial Practices
- This track is for traditional papers where the focus is on the industrial applications of different sensors. This track is only for industry, i.e. first author must be from industry.
- » Live Demonstration of Sensors and Sensing Technologies

Focused Sessions

IEEE SENSORS 2020 will have focused sessions on emerging sensor-related topics. Details related to the Call For Focused Sessions are on the conference website.

Publication of Papers

Presented papers will be included in the Proceedings of IEEE SENSORS 2020 and in IEEE Xplore pending author requirements being met. Authors may submit extended versions of their paper to the IEEE Sensors Journal.

Special Issue in the IEEE Sensors Journal

If your paper is accepted for publication at this conference, you may receive an invitation to submit an extended manuscript to be considered for publication in the IEEE Sensors Journal. Best papers presented at the conference will be invited to participate via the call for papers for this special issue of the journal.

Industry Day

A special track designed to encourage industry participation will include industry showcase, industry networking, and an industry panel discussion. Special flexible one-day registration will be available to facilitate industry participation.

Exhibition Opportunities

The Conference exhibit area will provide your company or organization with the opportunity to inform and display your latest products, services, equipment, books, journals, and publications to attendees from around the world.

Visit the website for the most up to date information relating to abstract submission, tutorials, and special sessions information and deadlines.
